

During Stage 4 Lockdown we would like to invite the community to connect with us through our “Create and Inspire Us” activity. While everyone is spending lots of time at home, we thought it would be great to create an activity that you can participate in at home and then share with the community. We have created a theme for each week. The idea is for you to pick one of the following areas that interest you. You can do more than one if you like.

Drawing Arts and Crafts Photography Cooking - include your recipe

At the end of the week we would like all creations to be sent to us. You can send your creations by taking a photo and emailing it to admin@iramoooc.com.au or by sending it via the messenger app to Iramoo Community Centre on Facebook. We will then create an album to share with the community. Your photo can include you in it or simply be just of your creation. It would be great if you could put your name in the photo so when we share it people know the creator. This could be your first name only, however this is optional.

This activity is open to everyone!

We are hoping children and adults participate. Iramoo staff will also be participating. We cant wait to see what creations, photos and recipes you share. If you are having trouble matching our theme for the week, create whatever you wish. The aim is to connect and create together.
